Kids Against Hunger - San Antonio's Grand Opening

"A Great Big Thanks to the Cornerstone Christian Schools Missions Club and the San Antonio Youth Center for coming to the DBM warehouse and bagging over seven thousand meals for our Kids Against Hunger launch, Saturday, November 14, 2009! We had the President and Founder of Kids Against Hunger, Richard Proudfit, and one

of his associates, Tim Stromer, both from Minnesota, here for the event. Daily Bread Ministries has proudly partnered with Kids Against Hunger to help feed the hungry and needy around the world. We are now able to assemble, package and ship this nutritional food product directly from the DBM warehouse here in San Antonio to wherever there is a need! Not only is it a great opportunity for us, it can be a tremendous opportunity and blessing for the churches and youth groups in this city who want to take a more active role in ministering to the poor and needy locally, and around the world." -KAH - San Antonio

Founder and President of Kids Against Hunger Turns Eighty

God gave a gift to the world when Richard Proudfit was born almost 80 years ago; he is a person who loves and cares, who sees a need and fills it, who encourages and lifts people up, who spends all of his energy on others rather than himself, who touches each life he enters & makes a difference in the world.

May the love Richard has shown to others be returned to him multiplied. ~ Kris Schneider

Last month Richard Proudfit turned 80 years old! The Kids Against Hunger - New Hope surprised him with a party with family and close friends.

US Navy Helps Ship 4 Containers - that's 1,140,480 meals!

Last month, **1,140,480** of Kids Against Hunger's high-nutrition meals were shipped out! The first container was picked up and is currently headed for Haiti, the poorest country in the Western hemisphere, where the meals will be distributed to families in need by Children's Lifeline International and Northwest Haiti Christian Missions.

Three additional containers full of food left our dock, and are on their way to Norfolk, VA, where the meals will be loaded onto a U.S. Navy ship headed for Africa. The food will be distributed in several African countries, including Liberia, Ghana, Senegal, São Tomé and Príncipe, Gabon, Cameroon, Nigeria, and Sierra Leone.
